

Ben Cooper

“Ben attended the club as a member and then a volunteer, gaining qualifications and experience in the sports industry.”

“He describes himself as a hard working and passionate guy who always wants to help others.”

“Being a previous member gave him the incentive to return and give something back to the children at the club.”

Before, Ben had a negative attitude but working with children has helped him change this about himself. He says,

“When they are smiling”

he knows he has made a difference.

“Ben thanks You Can for giving him the confidence and ability to work in teams. Volunteering has allowed him to pass on his knowledge and see others achieve their dreams.”
