

## Jack Royal

“At the age of 19, Jack has achieved more than men twice his age! Not only has he participated in various sport competitions but he also holds a number of qualifications in Health and Safety, Social Development and Improved Health.”

“Through You Can Jack was able to participate in kayaking, a sport he would succeed in and eventually win over 40 medals in. Having a competitive spirit, Jack worked hard at the sport and at the age of 14 qualified at coaching level.”

“Jack got a lot of questions from his peers about what made him so successful in the sport.”

“This made him want to become a teacher and pass his knowledge on.”

“Not only did You Can let him pursue his water sport passion but also it allowed him to meet new people who would eventually become his friends.”

“Jack sees his future teaching and volunteering, and he has been approached by Salford Quays numerous times to help out due to his passion, drive and skill in the sport.”
